# WELCOME

## Welcome to Starways Pharmaceuticals

At Starways Pharmaceuticals, we believe that every life deserves the highest standard of care. From our humble beginnings — that's where our journey began — to becoming a trusted name in pharmaceutical manufacturing, we have remained committed to one mission:

***Delivering health care to the entire humanity.***

With innovation, integrity, and compassion at our core, we strive to create medicines that not only treat illnesses but also improve quality of life across communities worldwide.

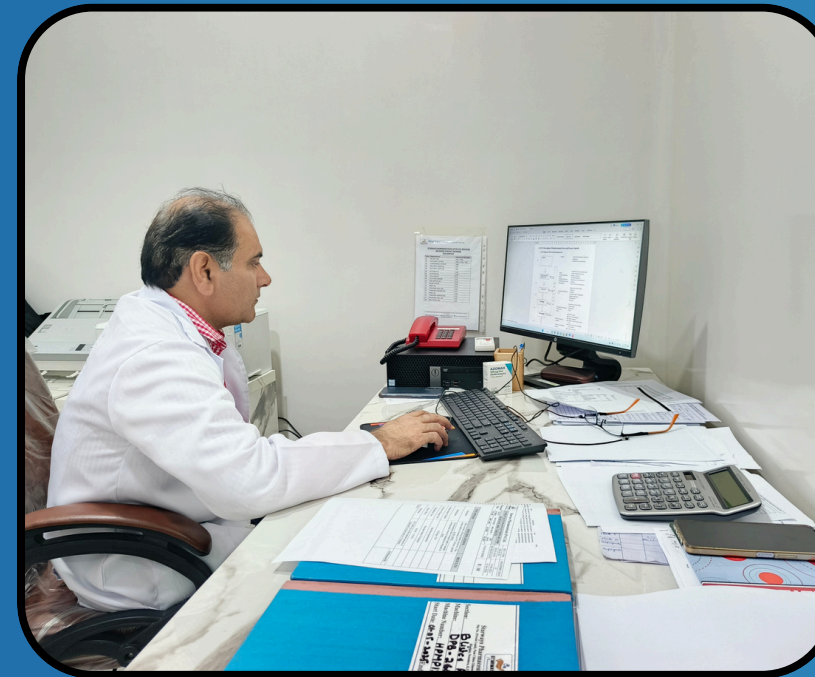

# Company Overview

Starways Pharmaceuticals is a trusted name in pharmaceutical manufacturing, dedicated to developing and delivering high-quality, affordable, and innovative medicines. Our mission is to improve patient health outcomes by producing products that meet the highest global standards.

With state-of-the-art manufacturing facilities and a commitment to quality, Starways ensures that every product undergoes rigorous testing to guarantee safety, efficacy, and compliance with international regulations.

## CEO's Message

It is with great pride that I welcome you to Starways Pharmaceuticals.

From the very beginning, our mission has been clear — Delivering health care to the entire humanity. In today's fast-paced and demanding healthcare environment, quality, trust, and innovation are not just goals — they are the foundations of our work. At Starways, we have built a facility that meets stringent GMP standards, equipped with advanced manufacturing technology, a well-qualified team, and a commitment to continuous improvement.

Every product we manufacture reflects our dedication to patient safety, therapeutic effectiveness, and regulatory compliance. We strive not only to meet current healthcare needs but to anticipate future challenges, ensuring we remain a trusted partner in improving global health.

As we look to the future, we pledge to continue investing in research, expanding our product portfolio, and strengthening our relationships with healthcare professionals and distributors worldwide.

Thank you for being part of our journey. Together, we will continue to reach new heights in healthcare excellence.

Chief Executive Officer  
Starways Pharmaceuticals

## Director's Message

At Starways Pharmaceuticals, our strength lies not only in advanced facilities and cutting-edge technology but also in the dedication of our people. As Director, my focus is to ensure that every department — from manufacturing to quality control — operates with precision, efficiency, and a shared commitment to excellence.

We believe that consistent quality, timely delivery, and innovation are the keys to building long-term trust with healthcare professionals and partners. Every milestone we achieve is the result of collaboration, discipline, and a passion for improving lives.

Moving forward, we aim to expand our capabilities, introduce new formulations, and strengthen our presence in both local and international markets — all while staying true to our mission of Delivering health care to the entire humanity.

Director  
Starways Pharmaceuticals

**MUHAMMAD MUDASIR**

# Our Capabilities

## Manufacturing Excellence

- GMP-compliant production facilities with modern technology
- Automated production lines for tablets, capsules, syrups, and injectables
- High-volume output capacity to meet local and export demands

## Research & Development (R&D)

- Dedicated R&D department for innovative formulations
- Development of new dosage forms and drug delivery systems
- Continuous improvement of existing products for better efficacy

## Quality Assurance & Control

- In-house QC laboratories with advanced analytical equipment
- Strict adherence to WHO, FDA, and EMA guidelines
- Batch-wise testing and validation before market release

## Regulatory Compliance

- Compliance with DRAP (Drug Regulatory Authority of Pakistan) and international requirements
- Expertise in product registration and documentation for global markets

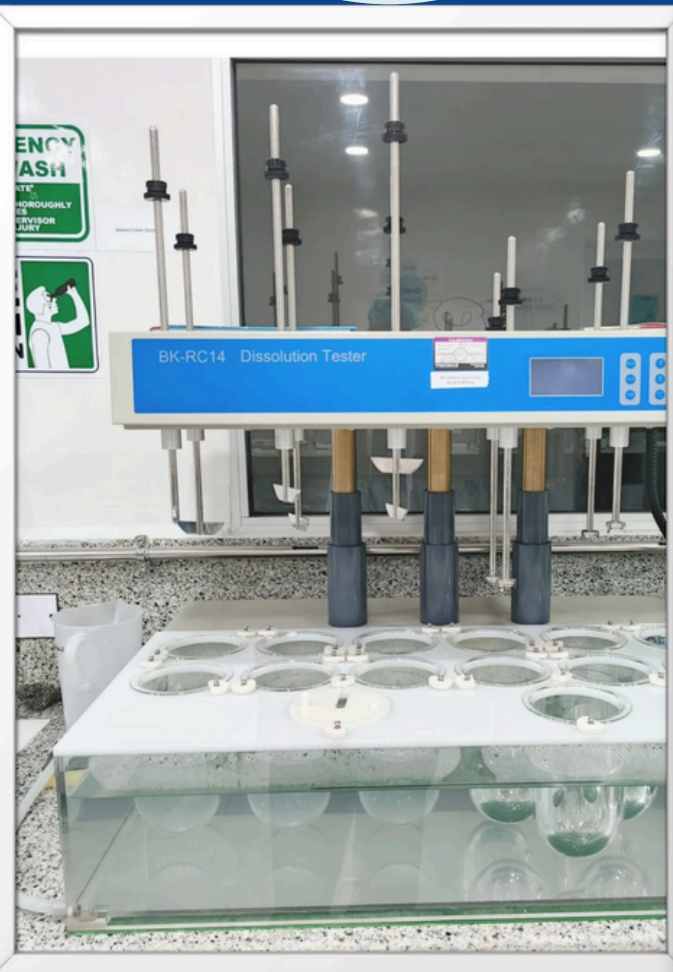

## Packaging & Branding

- Tamper-proof, attractive, and informative packaging solutions
- Customized branding for contract manufacturing partners

# ADVANCED QUALITY CONTROL LABORATORY

# Infrastructure & Technology

- **Manufacturing Machinery** – State-of-the-art equipment for precise, consistent, and GMP-compliant production.
- **Solar Energy System** – Eco-friendly solar power reducing environmental impact and ensuring uninterrupted operations.
- **Water Filtration Plant** – Multi-stage purification system delivering high-quality water for all manufacturing processes.
- **Centralized Air Conditioning** – Controlled temperature and humidity across production and storage areas to maintain product stability and worker comfort.

# Infrastructure & Technology

- Manufacturing Machinery –

# • Workplace Safety Standards

At Starways Pharmaceuticals, safety is our top priority – for our employees, our products, and our environment. We follow stringent safety protocols to ensure that every stage of our operations meets international workplace and environmental safety standards.

# OMPEZO

Omeprazole

■ 20 mg ■ 40 mg

- Duodenal ulcer
- Gastric ulcer
- Reflux oesophagitis
- Symptomatic gastric oesophageal reflux disease
- NSAID associated gastric and duodenal ulcer or erosions
- Helicobacter pylori eradication in peptic ulcer disease
- Zollinger-Ellison syndrome

# ESOWAY

Esomeprazole

■ 20 mg ■ 40 mg

- Duodenal ulcer
- Gastric ulcer
- Reflux oesophagitis
- Symptomatic gastric oesophageal reflux disease
- NSAID associated gastric and duodenal ulcer or erosions
- Helicobacter pylori eradication in peptic ulcer disease
- Zollinger-Ellison syndrome

# SWP CIPRO

Ciprofloxacin

■ 250 mg ■ 500 mg

- Urinary Tract Infections (UTIs)
- Gastrointestinal (GI) infections
- Respiratory Tract Infections (including Pseudomonal infections in cystic fibrosis)
- Skin and Skin Structure Infections
- Chronic Bacterial Prostatitis
- Bone and Joint Infections (e.g., Osteomyelitis)
- Sexually Transmitted Infections (e.g., Gonorrhoea)
- Surgical Prophylaxis (select cases)
- Most other bacterial infections responsive to ciprofloxacin

# AZMYC

Azithromycin (USP)

■ 250 mg ■ 500 mg

- Cervicitis
- Lower respiratory tract infections
- Multiple myeloma
- Otitis media
- Reversal of excessive bradycardia
- Skin and soft tissue infections
- Soft tissue and skin infections
- Status epilepticus (unlicensed use)
- Upper respiratory tract infections
- Urethritis

## Product Portfolio

# SW-Flox

(Levofloxacin Tablets USP)

■ 500 mg ■ 250 mg

- Reatment of acute pyelonephritis
- Management of bronchitis and respiratory tract infections
- Treatment of complicated urinary tract infections (UTIs)
- Management of epididymitis
- Used in nephrogenic and partial pituitary diabetes insipidus
- Treatment of pneumonia and otitis externa
- Relief of oedema and otitis media
- Short-term treatment of severe congestive heart failure
- Treatment of skin and soft tissue infections

# ST-MET

(Sitagliptin+Metformin HCL) Tablets BP

■ 50mg + 1000 mg  
■ 50 mg + 500mg

- Initial therapy in type 2 diabetes mellitus to improve glycemic control when diet and exercise are inadequate
- Adjunct to diet and exercise in patients inadequately controlled on Metformin HCL or Sitagliptin alone or already on the combination
- Triple combination with a sulphonylurea in patients inadequately controlled on Metformin HCL and a sulphonylurea
- Triple combination with a PPAR T agonist (thiazolidinedione) in patients inadequately controlled on Metformin HCL and a PPAR T agonist
- Adjunct to diet and exercise to improve glycemic control in combination with insulin

# Montelukast

Montelukast Sodium(USP)

■ 10 mg ■ 5 mg

- Used for rheumatoid arthritis, osteoarthritis, and ankylosing spondylitis
- Effective in musculoskeletal disorders
- Indicated for trauma such as sprains and strains
- Provides analgesic relief in mild to moderate pain
- Also used for dental pain, post-operative pain, dysmenorrhea, and migraine

# Majezik

Flurbiprofen (USP)

100 mg

- Used for rheumatoid arthritis, osteoarthritis, and ankylosing spondylitis
- Effective in musculoskeletal disorders
- Indicated for trauma such as sprains and strains
- Provides analgesic relief in mild to moderate pain
- Also used for dental pain, post-operative pain, dysmenorrhea, and migraine

## Product Portfolio

# SW-PRAM

Escitalopram

■ 10 mg

- Indicated for major depressive disorder
- Used in adults and adolescents
- Treats acute depressive episodes
- Maintains long-term depression control
- Helps manage depressed mood
- Reduces loss of interest
- Addresses appetite or weight changes
- Improves sleep disturbances
- Eases psychomotor agitation or slowing

# Tamurex

Tamsulosin HCL

■ 0.4 mg

- Selective and competitive binding to postsynaptic  $\alpha 1$ -adrenoceptors, especially  $\alpha 1A$  and  $\alpha 1D$  subtypes.
- Causes relaxation of prostatic and urethral smooth muscle.
- Results in increased urinary flow rate.
- Reduces symptoms of benign prostatic hyperplasia (BPH).
- Improves irritative symptoms linked to bladder instability.

# SW Ceph

Cephadrine

■ 250 mg

■ 500 mg

- Bone and joint infections
- Genitourinary tract infections
- Lower respiratory tract infections
- Upper respiratory tract infections (including pharyngitis, tonsillitis)
- Pneumonia and general respiratory tract infections
- Prostatitis
- Skin and soft tissue infections
- Surgical prophylaxis
- Adjunctive therapy for bacterial infections as an alternative choice

# SW LINZ

Linezolid

■ 600 mg

- VRE infections (Enterococcus faecium), with or without bacteremia
- Nosocomial pneumonia (S. aureus MSSA/MRSA, S. pneumoniae including MDRSP)
- Complicated skin infections (S. aureus MSSA/MRSA, S. pyogenes, S. agalactiae)
- Uncomplicated skin infections (S. aureus MSSA only, S. pyogenes)
- Community-acquired pneumonia (S. pneumoniae incl. MDRSP, S. aureus MSSA only)

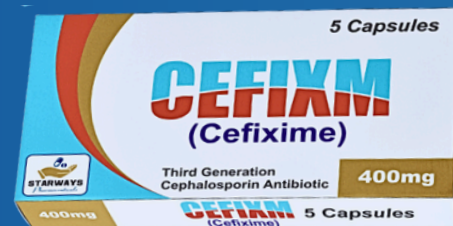

## Product Portfolio

# CEFIXM

(Cefixime USP)

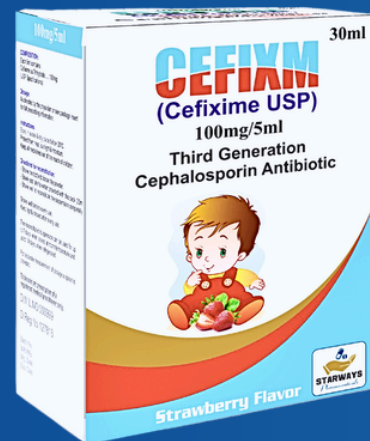

**Cefixime  
400mg Tablets**

- Broad-spectrum antibiotic for adults
- Treats sinusitis, tonsillitis, UTIs, and bronchitis
- Once-daily dosing for convenience

# CEFIXM

(Cefixime USP)

**Cefixime  
100mg/5ml Suspension**

- Mild antibiotic for children
- Used for throat, ear, and respiratory infections
- Pleasant-tasting formula for easy dosing

**Cefixime  
200mg/5ml Suspension**

- For moderate bacterial infections in children
- Suitable for upper respiratory and urinary infections
- Provides stronger dosage when needed
